Special Finish Products

Want to dare the look? Let your bathroom have its say in style.

Discover our exclusive range of special finishes for taps and showers, designed to transform your bathroom into a statement of elegance and sophistication. From sleek chrome to luxurious dark mirror, each finish adds a unique touch to your space, making it truly your own.

Special Finish Care Instructions

Taking care of special finish tapware involves regular cleaning and maintenance to preserve its appearance and prevent damage.

Please note that our special finishes require additional care and maintenance to keep them looking their best.

For outdoor installations, we recommend using SS 316 for its superior resistance to the elements. For those seeking a balance between style and ease of care, chrome, dark mirror, and brushed nickel are excellent choices.

For the meticulous, our PVD coatings offer unparalleled beauty and durability but require careful maintenance to preserve their finish.

Choose the finish that suits your lifestyle and let your bathroom shine in its own unique way.
